"È lui, l'Occhio"

- Frodo Baggins

LA TORRE OSCURA

 Nella trilogia de *Il Signore degli Anelli*, osserviamo per la prima volta il potere di Barad-dûr quando, per caso, Frodo Baggins si mette al dito l'Unico Anello. Incarnazione dell'Oscuro Signore Sauron, l'Occhio della macabra fortezza trafigge i cieli neri di Mordor e invade la mente di Frodo in una visione terrificante. Nel corso dei secoli, Sauron era riuscito ad acquisire il potere necessario per conquistare tutta la Terra di Mezzo. Sostenuto dal potere dell'Unico Anello, Sauron e, per estensione, la sua fortezza, erano praticamente indistruttibili perché protetti dall'esistenza dell'anello.

Gli eroici Hobbit si uniscono allora alla Compagnia dell'Anello in un terrificante viaggio per distruggere l'anello nel cuore di Mordor. Mentre Samwise Gamgee trasporta Frodo fino a una porta sul lato del Monte Fato, un agitatissimo Gollum cerca di fermarli e alla fine perisce tra le fiamme con il suo prezioso anello. Barad-dûr, Sauron e il suo esercito di orchi si disintegrano in un collasso catastrofico.

Ispirato all'enigmatico monumento, questo modello ricrea i suoi dettagli straordinari e offre una visione particolare degli eventi che potrebbero essere accaduti dietro le quinte di Mordor.

LA COMPAGNIA DI DESIGNER LEGO®

👁️ "Il nostro viaggio LEGO® nella Terra di Mezzo è iniziato con la serie di set Il Signore degli Anelli e Lo Hobbit lanciati nel 2012-2014 e nel 2023 abbiamo visitato Gran Burrone con la Compagnia dell'Anello (set 10316). Questa è la prima volta che ci spingiamo così profondamente nel cuore di Mordor per esplorare la tana del Signore Oscuro, ed è la prima volta che il personaggio di Sauron viene rilasciato sotto forma di minifigure LEGO.

Per i fan dei romanzi e dei film de *Il Signore degli Anelli*, Barad-dûr è uno dei luoghi più caratteristici della Terra di Mezzo. Nei film scorgiamo a malapena l'intera torre o il suo interno, quindi abbiamo sperimentato scene e idee diverse. Il modello è piuttosto grande, quindi lo abbiamo suddiviso in sezioni che consentono una migliore esperienza di costruzione e una migliore gestione.

Il modello è molto scuro, quindi abbiamo aggiunto sfumature di colore per creare l'illusione dei riflessi della lava, così come l'Occhio di Sauron che tutto vede e si muove sulla piattaforma superiore. Il modello è dotato di diverse funzioni – dai cancelli anteriori apribili e la scala girevole nella biblioteca, alle sezioni nascoste, accessori a sorpresa e segreti della Torre Oscura. Ci auguriamo che i fan dei set LEGO e de *Il Signore degli Anelli* si divertano davvero a esplorare questo formidabile punto di riferimento di Mordor".

LEGO® Senior Model Designer*

LA FUCINA E I SOTTERRANEI

 Il tuo modello LEGO® di Barad-dûr è suddiviso in diversi livelli modulari. Al piano terra, è possibile ruotare il pulsante del mattoncino sul lato sinistro della torre per aprire e chiudere il cancello principale ed entrare nella fucina e nei sotterranei. I tristi resti di uno sfortunato ospite penzolano cupamente sopra la lava liquida e avvertono i visitatori indesiderati del destino che li attende se incontreranno l'Oscuro Signore.

Nella stanza accanto, gli orchi si preparano per gli imminenti assedi della Terra di Mezzo. Scudi, elmi, attrezzi, spallacci e lance vengono forgiati, affilati e assemblati nel fiume di fuoco che scorre attraverso i sotterranei dal Monte Fato.

All'altra estremità dei sotterranei, Gollum si nasconde in una piccola grotta. Un angolo segreto della grotta è occupato da un ragno gigante. Non è chiaro se Gollum lo abbia messo lì per tenergli compagnia o per impedirgli di uscire. Mentre gli Hobbit giungono alla fine del loro viaggio, l'approfondita conoscenza di Gollum degli angoli più oscuri di Mordor aiuta Frodo Baggins e Samwise Gamgee a non essere scoperti mentre si insinuano nel territorio nemico.

*"Cosa state aspettando?
Avanti, gettatelo!"*

- Samwise Gamgee
